Debbie's Diary: Master Gardeners Help FoodCorps Service Members Grow in Southern California

FoodCorps has held a special place in my heart ever since I served as a FoodCorps service member at Phelan Elementary during the 2019-2020 school year. It was hard work and also immensely rewarding to connect kids with healthy food and share the joy.....

What's Bugging Your Garden?

The University of California [Integrated Pest Management \(IPM\)](#) program has a great website for controlling garden pest problems with the least impact on people and their surroundings. Whether it's fungal, insect or vertebrate pest, you can find some answers.

This month we are highlighting [citrus leafminer](#), a common fall citrus pest. Learn how to stop these pests from damaging your citrus leaves!

UCCE MG Helpline

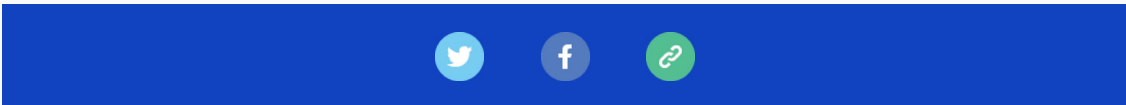

We can help with your growing and pest control questions.
Email or phone us at the Master Gardener Helpline

Who We Are

[UCCE Master Gardeners](#) are trained volunteers who provide unbiased research based information to the gardening public. Areas of expertise include drought-resistant sustainable landscapes and food production in home, community and school gardens. Master Gardeners reach over 35,000 San Bernardino County residents annually. Other UCCE programs in San Bernardino County are the [Master Food Preserver Program](#), [Youth/4-H](#), [Expanded Food and Nutrition Education \(EFNEP\)](#), commercial horticulture, livestock and natural resources. Learn more about our programs here: <http://cesanbernardino.ucanr.edu>
