Help Celebrate 100 Years of Cooperative Extension by being a scientist for a day!

By participating in the Scientist for a Day program we will be helping to map some of California’s Agriculture aspects. Please see the article inside of this newsletter for more details and don’t forget to tell everyone to help also! If you have any questions, please call the 4-H Office.

Science is everywhere.

Take a walk, visit a park or garden, and help us paint a picture of California’s food and water resources. Your answers will help us build a more secure future for you and your community.

San Bernardino County Management Board

Our new Management Board is still seeking volunteers for the Executive Chair and the Fundraising Director. We are also ready to start taking applications for the Program Management Board. This is where the real work for 4-H takes place. We have positions open for: Large Livestock Key Leader; Small Livestock Key Leader, Home Arts Key Leader, Plant Science Key Leader, SET Key Leader, Shooting Sports Key Leader, Life Style Key Leader, Communications Key Leader, Equine Key Leader and Citizenship Key Leader.

The job descriptions and applications can be found at http://cesanbernardino.ucanr.edu/4-H_Program/Middle_Management/

If you have any questions about any of these positions, please give the 4-H Office a call. Together we can make San Bernardino County 4-H stronger than it has ever been.

Help Celebrate the 100 years of Cooperative Extension

Science is everywhere. Take a walk, visit a park or garden, and help us paint a picture of California's food and water resources. Your answers will help us build a more secure future for you and your community.

The University of California is conducting three science projects on May 8, 2014 and we need your help collecting data. Pick one of the projects below to learn more about how you can participate.

[Pollinators](#)

Food depends on pollinators
For three minutes count how many you see.

[Water](#)

In this record drought, UC has committed to reducing its water consumption by 20%. How are you conserving?

[Food](#)

Where is food grown in your community? Fill out our California food map.
